Georgia Mountain Food Bank (GMFB) distributed approximately 2.7 million pounds of food to its partner agencies from January 1, 2013 through December 31, 2013. In addition to this almost 1 million pound increase from 2012, GMFB also distributed more than 385,000 pounds of food through its own feeding programs including senior programs, mobile pantries, and child programs helping to serve 325,000 people in need in 2013.

With more than 53 partner agencies, GMFB’s ability to connect food to the hungry in its five county service area continues to increase.

Every dollar donated to GMFB last year was able to provide the hungry with $6.03 of food, or approximately five meals.
